WE ARE

⬛•• dynabook

In 1985, Toshiba launched the world's first laptop computer - T1100, and continued to pioneer more than 30 World's First technologies that would go on to shape the mobile computing landscape today. Over 30 years of innovation later, we have evolved and are ready to embrace the infinite possibilities ahead of us with a new name - Dynabook.

Built upon our proud Toshiba heritage, the Dynabook laptop series offers the perfect balance of style and functionality with superior speed, battery life, weight and proven durability, so you can achieve unparalleled productivity wherever you go.

With Dynabook, you can enjoy greater work productivity with:

- ● ● World-class quality and reliability

- ● ● Service and support from industry experts

- ● ● Intelligent design with smart features

- ● ● The right technologies at the right time

- ● ● Advanced computing for business success

WE ARE ALL ABOUT
MAKING A DIFFERENCE

dynabook

At Dynabook, we are proud to be different to make a difference. With a deep culture of innovation - think 140 years of experience in inventing new solutions, and over 30 years of laptop design, engineering and development, we offer unrivalled expertise and know-how.

Everything made in-house
When it comes to products for you, we prefer complete control. This is why we design, develop and engineer all our business laptops in our factory with high precision and craftsmanship, so you can enjoy lasting quality assurance.

Comprehensive security controls
Data security is a valuable commodity in any business. From our own native system BIOS and secure multi-point login to bespoke Smart Data Encryption and Mobile Zero Client solutions, we work hard to prevent your data from falling into the wrong hands.

Durability is always top of mind
To withstand everyday bumps and spills, our products are subjected to rigorous testing such as the Highly Accelerated Life Test (HALT), performed by independent test institute TÜV Rheinland. Only those that pass our strict tests will find their way to your home or office.
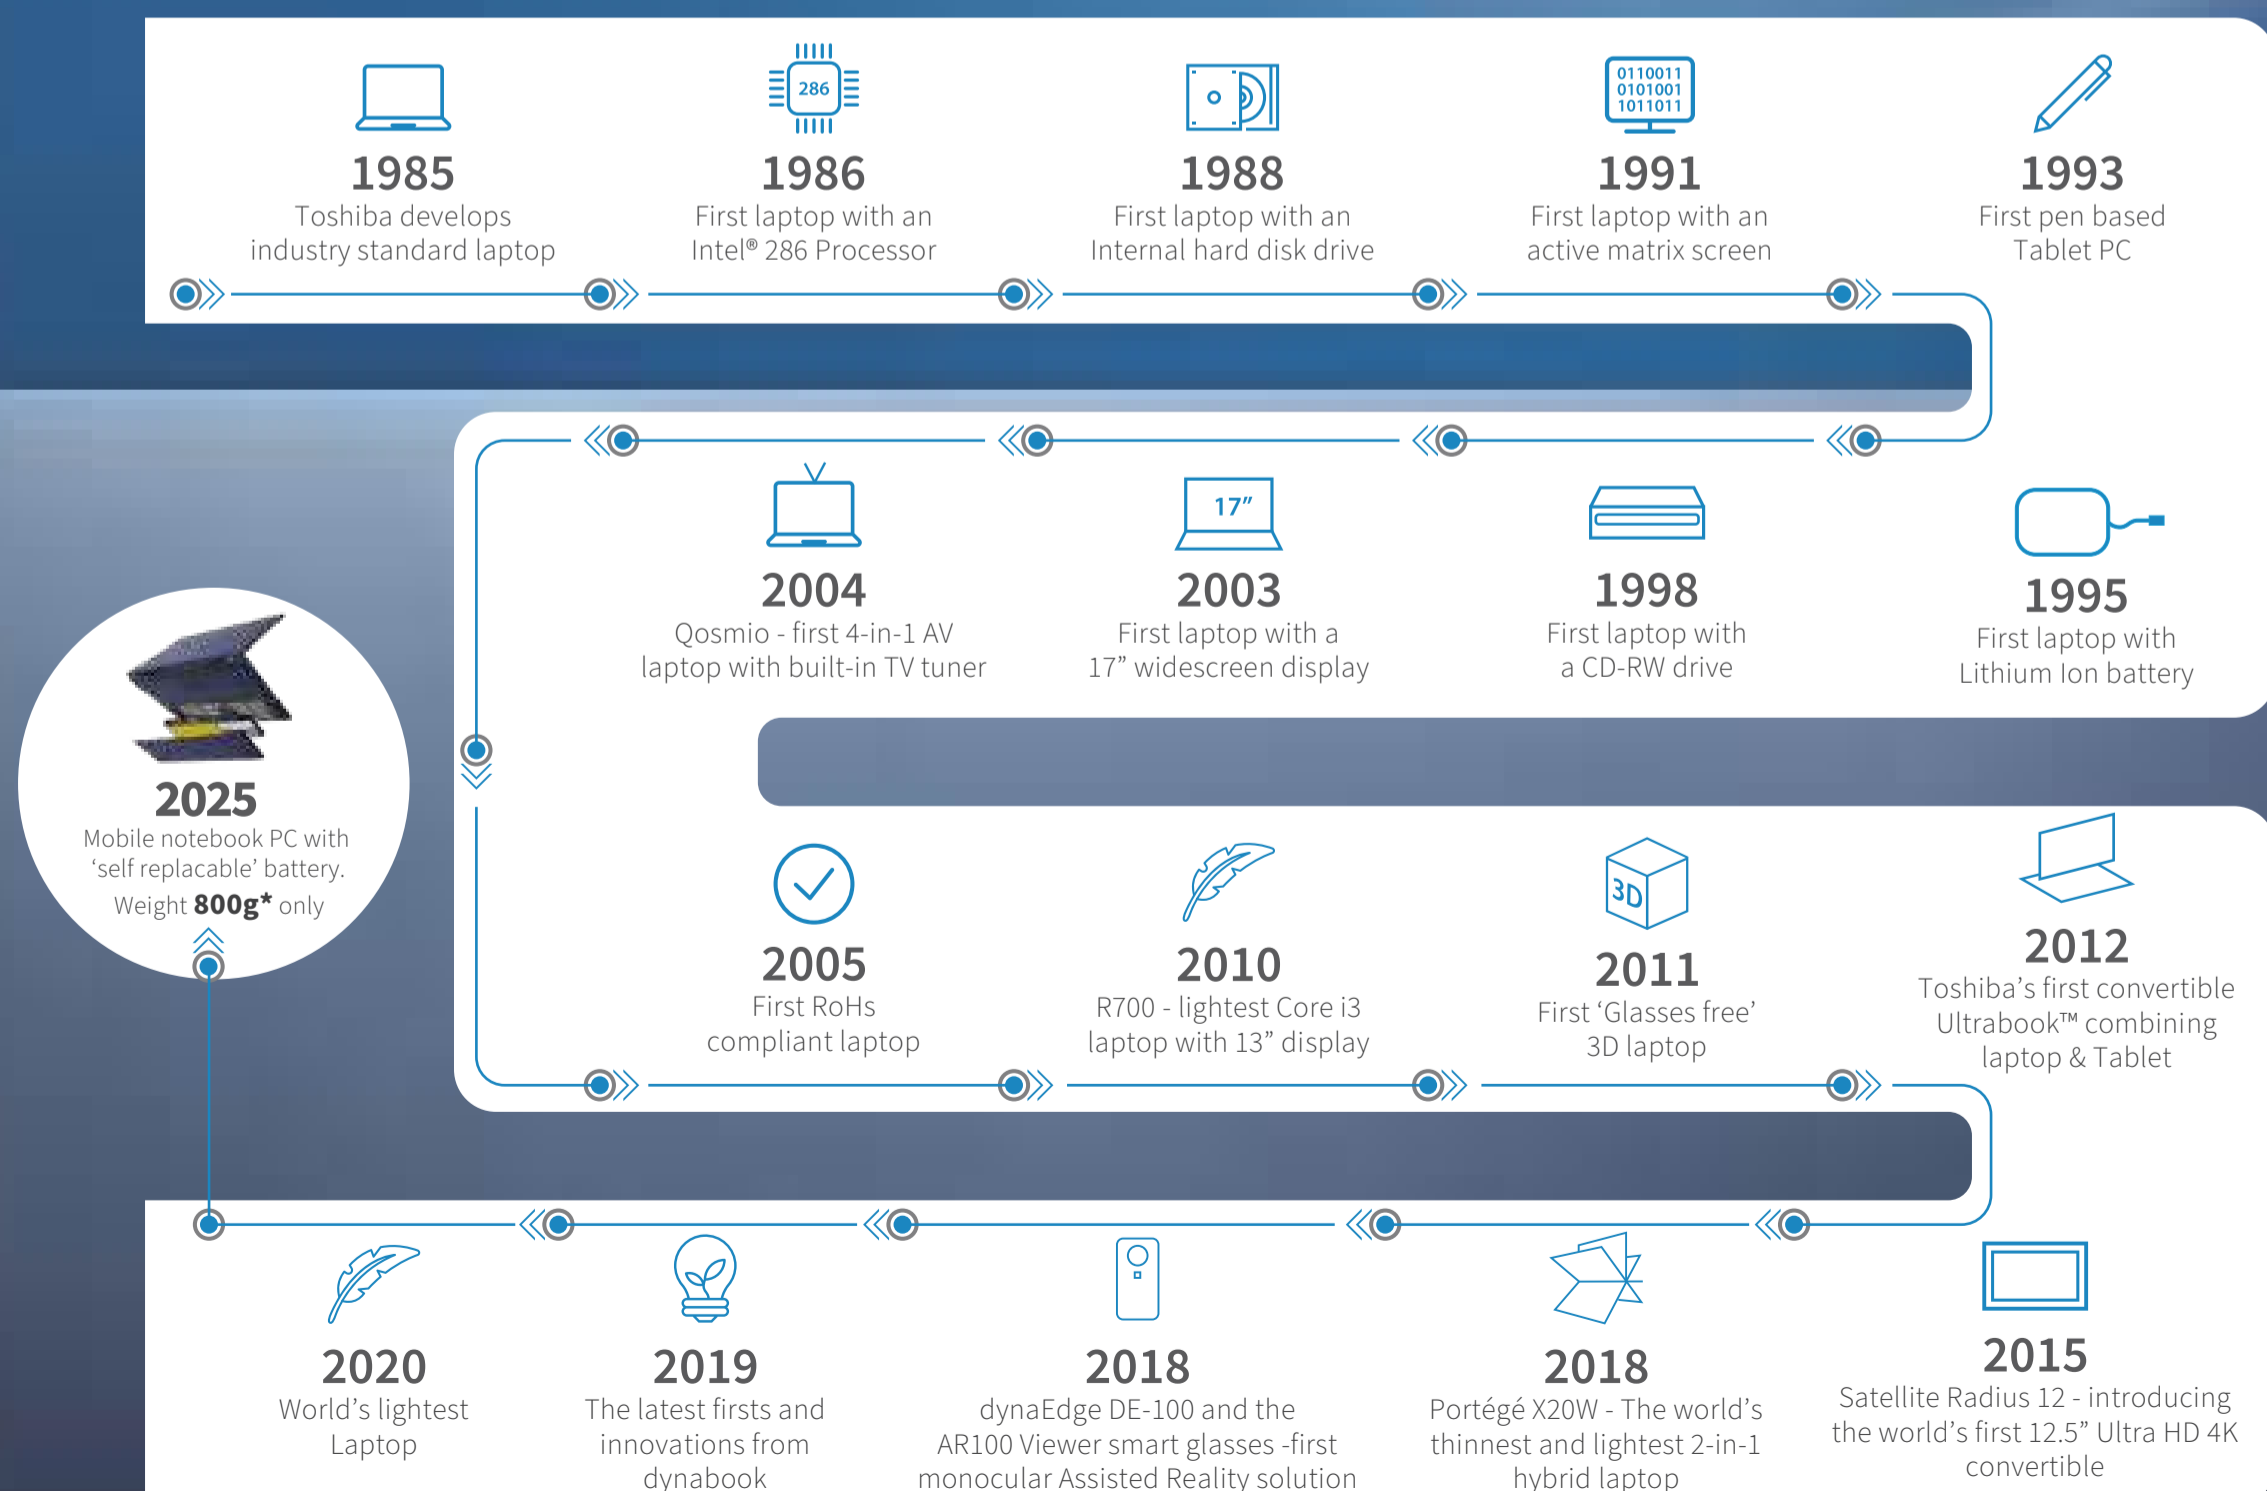

Manageability at your fingertips
With common software image power accessories and docking across most models, you can manage your fleet of different business laptops with simplicity and efficiency
